

NEWSLETTER

Do you care about the quality of life of older people in care homes?

Maybe you are already involved?

In that case, the Erasmus+ Project - Gaming for Mutual Learning in Elder Care - is just perfect for you.

Learn what contributes to the quality of life of older people- and do it by playing!

To get started, put your knowledge to the **test** with two short quizzes.

Test your knowledge of what can improve or deteriorate the quality of life of care home residents.

You can start playing the game right away.

It can be downloaded free of charge in German, English, Italian, Dutch and Lithuanian at:

www.gamlec.eu

Many people have already played this game at Multiplier Events and in care homes in Germany, Italy, Lithuania and the Netherlands. We want to say thank you to everybody for their commitment and the positive feedback we have received everywhere!

Please try our game if you haven't played it yet. And feel free to tell others where to find it.

If you've had any experience with the game, we'd love to have your [Feedback](#).

Tell us what you like and what we can improve.

Share your experience on the [Forum](#) of our E-Learning Platform.

Learning from each other is one of the most important goals of GAMLEC.

GAMLEC - Learning through playing for a better quality of life.
Together we can make the difference!

Co-funded by the
Erasmus+ Programme
of the European Union
